Missouri Department of Economic Development

The Missouri Department of Economic Development (DED) helps Missourians prosper by fostering job creation and economic growth. DED uses a wide array of business retention and expansion tools and community and workforce development programs to make Missouri the best state in the Midwest for economic development.

DEPARTMENT DIVISIONS

Regional Engagement (RE) Division

The Regional Engagement Division spans the entire state to provide a local point of contact for businesses and partners, increasing their access to Missouri's economic development and trade solutions. The division is comprised of six regional teams that promote business growth both statewide and internationally. The division also operates 14 global offices.

Missouri One Start (MOS) Division

Missouri One Start is the state's premier workforce recruitment and training division. It helps eligible businesses of all sizes stay competitive by providing customized recruitment assistance, along with resources to train and upskill new and existing employees. Its recruitment strategies and training programs are tailored to the specific workforce needs of the businesses it serves.

Business and Community Solutions (BCS) Division

The Business and Community Solutions Division deploys funding and safeguards taxpayer dollars through the department's business, community and redevelopment programs. BCS also builds new programming as created by the legislature, packaging programs to create custom solutions for specific project needs.

Division of Tourism (MDT)

The Division of Tourism is responsible for promoting Missouri as a premier destination for domestic and international travelers. This Division implements strategic investments in travel promotion with integrated marketing strategies that provide economic benefits for Missouri. The Division operates five official welcome centers and works with community-based affiliate welcome centers.

Strategy and Performance (S&P) Division

The Strategy and Performance Division helps DED programs become more efficient, increase impact and provide better customer service. It also houses the Department's legislative, communications and marketing services, the Office of Missouri's Military Advocate and the Missouri Women's Council.

Administration Division

The Administration Division provides overarching direction and ensures adequate resources are allocated to support efforts within each Division. This Division houses the director's office, general counsel, financial systems, budget, and human resources.

Missouri Housing Development Commission (MHDC)

The Missouri Housing Development Commission provides funding to a network for non-profits to prevent and end homelessness, financing for the rehabilitation and construction of affordable housing, and single-family home loans in addition to general affordable housing initiatives.

PROGRAM DESCRIPTION

Department: Economic Development

HB Section(s): 7.005

Program Name: Regional Engagement

Program is found in the following core budget(s): Regional Engagement

1a. What strategic priority does this program address?

Business Development

1b. What does this program do?

- Perform proactive business and community outreach visits with customers to understand the needs, opportunities, and challenges for future growth across rural, urban, and suburban areas of the state.
- Provide economic recovery support along with customized program solutions and technical assistance to business and community customers with incentives and other resources available.
- Coordinate existing business expansion projects, and related infrastructure projects, in support of retained and increased employment and capital investment. Coordination is comprehensive, from identifying business needs and opportunities to proposing solutions and assisting with program enrollment.
- This Division also provides the administration for the International Trade and Investment Offices (full description may be found on the program's Program Description Form).

2a. Provide an activity measure(s) for the program.

	FY2022		FY2023		FY2024		FY2025	FY2026	FY2027
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Technical Assistance	1,296	1,918	1,918	1,676	1,857	1,532	1,709	1,794	1,884
Projects Opened	123	122	135	124	119	121	122	128	135
Accepted and Enrolled	107	100	118	97	98	92	96	101	106

Note 1: Technical Assistance represents resource and solution connections made to support customers and partners frequently independent of specific project activity or incentives support.

Note 2: Projects Opened represents business growth and retention opportunities with a defined scope and timeline.

Note 3: Accepted and Enrolled includes businesses that have accepted a proposal or enrolled in a program. These may include projects that were opened in a prior fiscal year.

Note 4: All activity measures (Technical Assistance, Projects Opened, and Accepted and Enrolled) projections for FY2025 are based on the actual average of previous three fiscal years; with an additional 5% increase for FY2026 and FY2027.

2b. Provide a measure(s) of the program's quality.

	FY2022		FY2023		FY2024		FY2025	FY2026	FY2027
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Customer Service Experience	96%	88%	97%	89%	97%	96%	97%	97%	97%

Note 1: Percentage of customers who rated their experience as "very" or "somewhat" positive.

Note 2: FY2024 results based on survey that included 47 respondents specific to Regional Engagement Division.

2c. Provide a measure(s) of the program's impact.

Note 1: Committed Jobs represents those jobs to be created or retained in growth opportunities facilitated.

Note 2: FY2025 Base is an average of the previous three years Actuals. FY2025 and FY2026 Base is a 2% increase year over year.

Note 3: Stretch goals for FY2025 - FY2027 are set to increase 10% over that particular year base.

Note 1: Committed Average Wages represents wage thresholds for created or retained jobs at the time of proposal acceptance or program enrollment.

Note 2: FY2025 Base is average of the previous 3 years Actuals. FY2026 and FY2027 remain constant to Base FY2025.

Note 3: Stretch goals for wages assumes a 3% increase each year from FY2024 Actual.

PROGRAM DESCRIPTION

Program is found in the following core budget(s): Regional Engagement

2c. Provide a measure(s) of the program's impact. (continued)

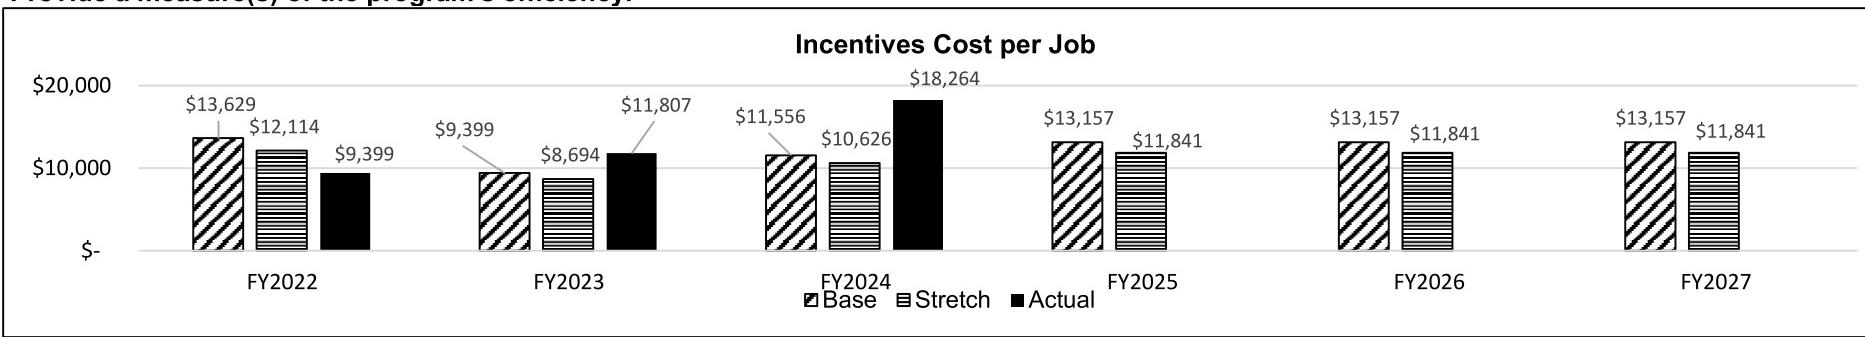

Note 1: Committed Private Capital Investment represents planned expenditures at the time of proposal acceptance or program enrollment.

Note 2: FY2025 Base is the average of previous 3 years (FY2022 - FY2024) actuals and remains constant for FY2026 and FY2027.

Note 3: FY2025-FY2027 Stretch targets include 10% increase over base.

2d. Provide a measure(s) of the program's efficiency.

Note 1: This is a shared measure with Business and Community Solutions Finance team. Measure is calculated by dividing proposed economic incentives by the committed number of jobs to be created or retained.

Note 2: FY2025 Base is the average of previous 3 years (FY2022 - FY2024) actuals and remains constant for FY2026 and FY2027.

Note 3: Stretch targets assume a 10% decrease in the state's incentives cost per job over the base.

Note 4: The increase in FY2024 is a result of the competitiveness of projects, accounting for an increased use of discretionary incentives.

Program Name: Regional Engagement

Program is found in the following core budget(s): Regional Engagement

- 3.** Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (*Note: Amounts do not include fringe benefit costs.*)

Note: Planned Expenditures for GR reflect 3% Governor's Reserve.

- 4. What are the sources of the "Other" funds?**

Other Fund includes Department of Economic Development Administrative Fund (0547). Federal Funds includes Community Development Block Grant (0123) and Job Development and Training Fund (0155)

- 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Section 620.010, RSMo., establishes the Department of Economic Development and its divisions. Federal CDBG funds authorized under 42 USC Section 5301 et. Seq., 24 CFR Part 570, and the MO Consolidated Plan submitted to the U.S. Department of Housing and Urban Development. Federal Workforce Innovation and Opportunity Act (WIOA) funds authorized under Public Law 113-128.

- 6. Are there federal matching requirements? If yes, please explain.**

Yes, a \$1 for \$1 match is required for a portion of the administrative funds for CDBG. None for WIOA.

- 7. Is this a federally mandated program? If yes, please explain.**

The CDBG program is a formula block grant provided to the State of Missouri of which 70% is provided to the entitlement cities and 30% of which is provided to the non-entitlement balance of the state. The 30% portion is administered by DED. WIOA is federally mandated.

PROGRAM DESCRIPTION

Program Name: International Trade and Investment Offices

Program is found in the following core budget(s): International Trade and Investment Offices

1a. What strategic priority does this program address?

Business Development

1b. What does this program do?

- This program is designed to increase exports for Missouri's manufacturers and professional service companies while generating interest in the state amongst foreign investors, including businesses capable of creating jobs and new capital investment within the state.
- DED contracts with a foreign-based representative with offices in Australia, Brazil, Canada, Germany, India, Israel, Japan, Malaysia, Mexico, South Korea, United Arab Emirates, United Kingdom, and the United States. The representative's teams, along with DED's international team, work together to execute services on behalf of Missouri's businesses and communities.
- DED export assistance includes technical guidance on market entry strategies, sector/product research, foreign partner identification (e.g. distributors and agents), trade shows, and trade missions.
- Foreign-based representatives identify foreign direct investment (FDI) leads for the Missouri Partnership and DED Regional Engagement teams and promote Missouri as an ideal location to foreign investors. These representatives raise awareness of local/community benefits across the State and provide client solutions and technical assistance on DED's incentive programs.

2a. Provide an activity measure(s) for the program.

	FY2022		FY2023		FY2024		FY2025	FY2026	FY2027
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Export Work Orders	550	452	461	300	421	370	374	381	389

FDI Informational Requests	80	97	99	111	113	122	124	127	129

Note 1: Export work orders are specific activities done on behalf of Missouri companies seeking to export.

Note 2: FDI Lead Generated is defined by the following four criteria: a) Capital investment amount; b) Jobs number target; c) Roles and Wages for the jobs to be created; and d) Timeline for decision.

Note 3: Projected amounts for FY2025 Export Work Orders are the average of the previous three years (FY2022, FY2023, and FY2024) then increased by 2% for FY2026 and FY2027.

2b. Provide a measure(s) of the program's quality.

	FY2022		FY2023		FY2024		FY2025	FY2026	FY2027
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Customer Satisfaction	97%	94%	98%	96%	99%	95%	99%	99%	99%

Note: Customer Satisfaction is obtained from the Client Impact Statement; a data collection instrument which includes a client satisfaction survey dispatched to the client upon the completion of each work order.

2c. Provide a measure(s) of the programs impact.

Note 1: Chart depicts client success in achieving export sales as a result of DED work order activities.

Note 2: FY2025 Base is the average of the previous three years Actuals. Base targets increased by 5% for FY2026 and FY2027

Note 3: The lower numbers in FY2023 and FY2024 Export Sales from Work Orders are due to lagging results from the slow rebound since the pandemic and some internal team turnover.

Note 1: Chart depicts the percentage of work orders (i.e., export assistance) that were converted to an actual export sale.

Note 2: Base target for FY2025-FY2027 set to match FY2022 Actual; Stretch target is 3% increase in converted work orders over Base.

2d. Provide a measure(s) of the program's efficiency.

Note 1: Chart depicts the cost of the program to bring back \$1 in export transactions to Missouri businesses.

Note 2: The increase in cost per export dollar for FY2023 is due to the lower amount of overall export sales.

PROGRAM DESCRIPTION

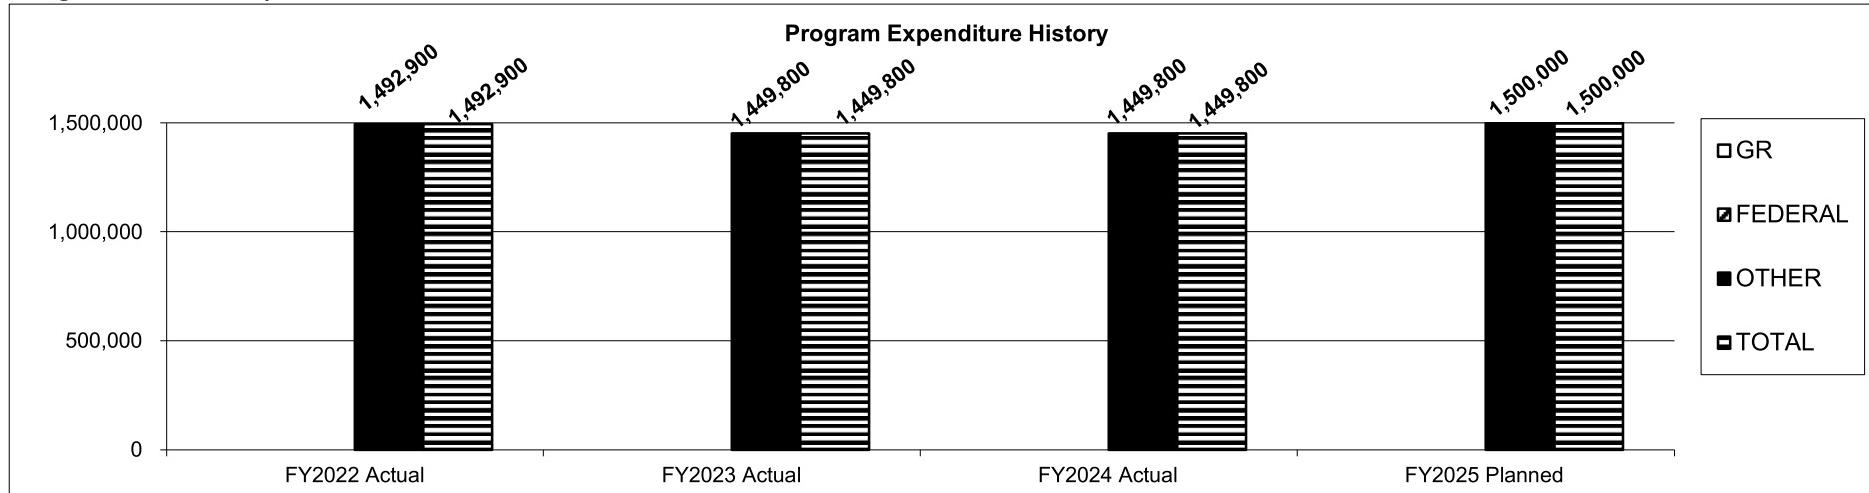

Department: Economic Development

AB Section(s): 7.015

Program Name: Business and Community Solutions

Program is found in the following core budget(s): Business and Community Solutions

1a. What strategic priority does this program address?

Business and Community Development

1b. What does this program do?

- The Division administers the State's core economic development programs designed to address business and community economic development opportunities and challenges.
- Community Development programs enable nonprofit entities to create public/private partnerships to address the needs of underserved Missouri citizens. Program benefits largely consist of tax credits used to leverage private donations. Eligible uses of program benefits include workforce training, youth development, neighborhood revitalization, crime prevention, and academic support for underserved communities and populations across the State.
- Redevelopment programs incentivize private investment to revitalize underutilized sites and buildings, resulting in stronger communities. Program benefits largely consist of tax credits used to leverage private investment. Program benefits may be available for the cleanup and revitalization of a community facility/infrastructure or redevelopment of historic buildings.
- Business Development programs incentivize business expansion, recruitment, and retention within the State. Program benefits largely consist of retained withholding taxes or tax credits for jobs created or retained. Program benefits may be available for businesses that create new jobs with average wages of at least 80% of the applicable county average wage and, in some cases, make substantial new capital investment within the State.
- The Division also provides the administration for the following programs (full descriptions may be found on the Program Description Forms):
 - Community Development Block Grants (CDBG)
 - Missouri Technology Corporation (MTC)
 - Missouri Community Service Commission (MCSC)

2a. Provide an activity measure(s) for the program.

2c. Provide a measure(s) of the program's impact. (continued)

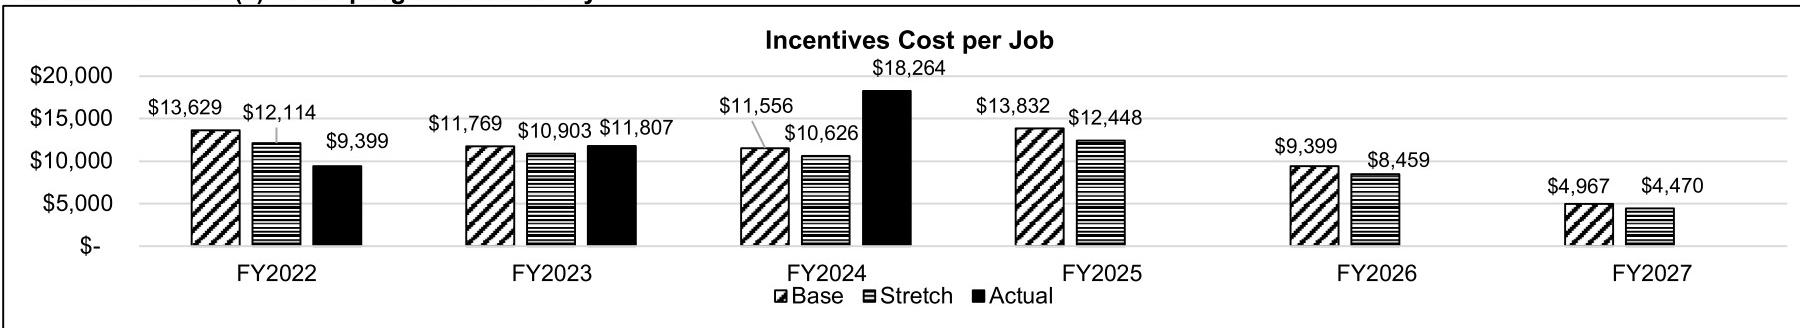

Note 1: Average wages paid to actual new jobs for which we have average wage data as a percent of the statewide average wage for Business Development programs.

Note 2: The Base projections are based on average change using the prior year actuals or the greater of the previous fiscal year actual.

Note 3: The Stretch target is calculated as base plus 5%.

Note 4: Statewide Average Wage for FY2022 = \$54,746, FY2023 = \$57,329, FY2024 = \$60,159

2d. Provide a measure(s) of the program's efficiency.

Note 1: This is a shared measure with Regional Engagement team. Measure is calculated by dividing proposed economic incentives by the committed number of jobs to be created or retained.

Note 2: The Base projections are the lesser of the average change using the prior fiscal years actuals or the previous fiscal year actual.

Note 3: The Stretch targets assume a 10% decrease in the state's incentives cost per job over the base.

Note 4: The increase in FY2024 is a result of the competitiveness of projects, accounting for an increased use of discretionary incentives.

Program is found in the following core budget(s): EDAF Refunds	
1a. What strategic priority does this program address?	
Business and Community Development	
1b. What does this program do?	
This item provides the Department with the ability to refund an overpayment or erroneous payment of any amount credited to the Economic Development Advancement Fund (EDAF) pursuant to Section 620.1900, RSMo. EDAF was created in order to receive fees from the recipients of certain tax credits issued by the department, in an amount up to 2½ percent of the amount of the issued tax credit or up to 4 percent for Historic Preservation Tax Credits. Recipients pay these fees before the issuance of certain tax credits. The EDAF is also structured to receive gifts, contributions, grants, or bequests received from federal, private and other sources, including any appropriations to the fund. No performance measures are included for this program since it is solely for refunds.

PROGRAM DESCRIPTION

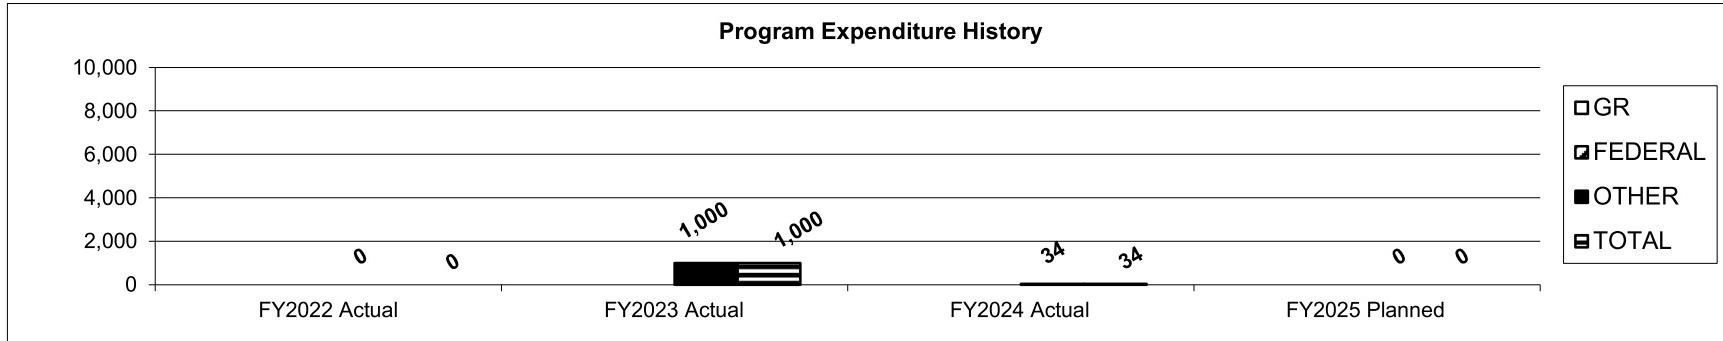

Department: Economic Development

HB Section(s): 7.030

Program Name: Missouri Technology Corporation (MTC)

Program is found in the following core budget(s): Missouri Technology Corporation

1a. What strategic priority does this program address?

Innovation and Entrepreneurship

1b. What does this program do?

MTC supports early-stage businesses in raising the private capital needed to commercialize new technologies and grow their businesses. This is achieved through equity-based investments in early-stage high-growth potential startups via the IDEA Fund Co-Investment Program and enhancing the state's entrepreneurial capacity by offering grant-based financial assistance to non-profit entrepreneurial support organizations, higher education institutions, and other entities that aid entrepreneurs in raising capital and developing promising technologies. MTC also serves as the state match for Missouri Enterprise, the federal Manufacturing Extension Partnership (MEP) program. This partnership helps small and medium-sized manufacturers adopt new technologies and innovative practices to enhance their competitiveness in the global marketplace.

2a. Provide an activity measure(s) for the program.

	FY2022		FY2023		FY2024		FY2025	FY2026	FY2027
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected

Note 1: The Board of Directors at MTC approves grants and IDEA Fund co-investment allocations for each fiscal year based on the annual budget. It is important to note that the disbursement of funds may occur over multiple fiscal years. The approved allocations for each program are shown per fiscal year.

Note 2. For FY2023 and beyond, the increase in IDEA Fund investments and grants awarded is a result of higher appropriations for FY2023 & FY2024, the introduction of new grant programs, and the program funding from the federally funded State Small Business Credit Initiative (SSBCI) which will fund the majority of the IDEA Fund investments.

2b. Provide a measure(s) of the program's quality.

	FY2022		FY2023		FY2024		FY2025	FY2026	FY2027
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Customer Service Experience	87%	80%	N/A	75	60	70	60	60	60

Note 1: FY2022 shows the percentage of customers who rated their experience as "very" or "somewhat" positive through a DED-led customer survey. For FY2023 MTC conducted its own Net Promoter Score (NPS) survey. Moving forward, MTC will be conducting annual NPS surveys.

Note 2: The Net Promoter Score ranges from -100 to 100 and measures how likely customers are to recommend a company's products or services. It reflects customer satisfaction and loyalty, with scores above 0 being good, above 20 being favorable, above 50 being excellent, and above 80 being world-class. MTC started using NPS to measure customer satisfaction in FY2023; subsequently, NPS scores are not available for FY2022.

2c. Provide a measure(s) of the program's impact.

Note 1: Leveraged Investment for the IDEA Fund program represents the total amount of new funding raised from private investors and grant funding awarded to portfolio companies over the fiscal year. Leveraged Investment for the grant programs, Innovation Centers, and the Missouri Enterprise (MEP program) represents capital raised from private investors and grant funding awarded to the clients served.

Note 2: Base and stretch goals are determined based on the 3-year actual average with base goals escalating from 75% to 100% of the average and stretch goals escalating from 100% to 125%.

Note 3: In FY2024, national venture capital activity experienced its lowest level in nearly five years, with a decrease in both funds invested and the number of investments made. Venture capital investments play a crucial role in the Leveraged Investment calculation for portfolio companies and clients served. Subsequently, the decline in MTC's Leveraged Investment over the past two fiscal years aligns with national trends.

Clients Served and Full-Time Equivalent (FTE) Jobs Created Across All MTC Programs

	FY2022 Actual	FY2023		FY2024		FY2025 Projected	FY2026 Projected	FY2027 Projected
		Projected	Actual	Projected	Actual			
Clients Served	7,693	7,128	7,578	7,474	9,132	7,611	8,562	9,514
FTE Jobs Created	2,801	2,664	2,363	2,584	1,580	1,934	2,146	2,318

Note 1: Clients served represents the number of clients served by grant recipients, Innovation Centers, and Missouri Enterprise (MEP program).

Note 2: Full-Time Equivalent (FTE) jobs created represent the number of FTE jobs created by clients served by grant recipients, Innovation Centers, and Missouri Enterprise (MEP program) as well as the jobs created by the IDEA Fund portfolio companies. FTE is calculated using the following formula: full-time 1; part-time .5 and contractor .75.

Note 3: Projections are determined based on the 3-year actual average with FY2024 through FY2026 projections escalating from 100% to 125% of the average.

Note 4: Innovation Centers did not receive direct funding from MTC for FY23 and beyond (funding was transitioned to a competitive grant program). Subsequently, the clients the Innovation Centers historically served and the jobs created by those clients are not reported for FY23 and beyond. This in combination with a national trend of decreased jobs created by venture-backed high-growth potential companies is responsible for the decrease in FTE jobs created over the past two years.

2c. Provide a measure(s) of the program's impact. (continued)

As part of MTC's statewide strategic initiative, MTC engaged TEconomy Partners, a consultant firm that is a global leader in research, analysis, and strategy for innovation-driven economic development, to estimate the economic development impact of the organization's programs.

TEconomy determined that from FY2014 to FY2021, the investments of MTC had an important impact on the state. Capacity for innovation and entrepreneurship was enhanced by the state's 11 innovation centers and 42 organizations receiving MOBEC awards and other sponsored grants. MTC's direct investments in 139 companies also made an important impact.

Specifically, the total cumulative economic impacts of MTC's programs and investments between FY2014 to FY2021 generated and supported:

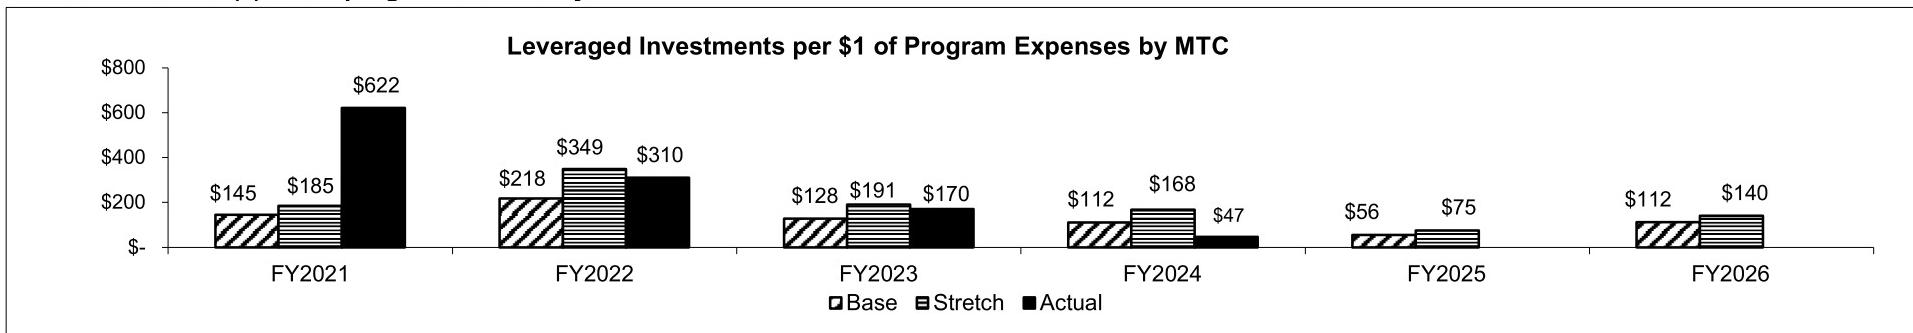

More than \$6.4 billion of economic output

More than 34,500 job years with wages and benefits totaling more than \$2 billion

More than \$15.4 million in state and local tax revenue for the State of Missouri.

This analysis utilized a State of Missouri-specific input-output model from IMPLAN. Input-output multipliers are calculated based on the flow of goods and services between industries, consumers, and institutions within a regional economy. The underlying principle of this analysis is that every dollar spent in the economy is reinvested in the purchase of additional goods or services, thereby generating additional economic activity and impact. The IMPLAN model is the most commonly used economic impact model in the country, drawing on national accounts data from the U.S. Bureau of Economic Analysis and state-level employment data from the U.S. Bureau of Labor Statistics.

2d. Provide a measure(s) of the program's efficiency.

Note 1: The data in this chart shows the leveraged investments (2c.) per dollar in program expenses within a fiscal year. It should be interpreted as for every dollar MTC spent on a program expense in FY2023, \$170 worth of leveraged investments were generated.

Note 2: The base and stretch goals from 2c. are used as the leveraged investment for the calculation of base and stretch goals in the chart.

Note 3: In FY2024, national venture capital activity experienced its lowest level in nearly five years, with a decrease in both funds invested and the number of investments made. Venture capital investments play a crucial role in the Leveraged Investment calculation for portfolio companies and clients served. Subsequently, the decline in MTC's Leveraged Investment over the past two fiscal years aligns with national trends. Consequently, a significant reduction in Leveraged Investment will ultimately impact the organization's efficiency, as it is a key output being measured.

- 3.** Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year. (*Note: Amounts do not include fringe benefit costs.*)

Note: Planned Expenditures for GR reflects 3% Governor's Reserve and appropriation amount from GR transfer.

- 4. What are the sources of the "Other" funds?**

Missouri Technology Investment Fund (0172), requires a General Revenue transfer.

- 5. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

MTC authorization in Section 348.251-348.275, RSMo; Innovation Center authorization in Section 348.271, RSMo; and MEP authorization is in 15 USC 278K Title 15 Commerce and Foreign Trade, Chapter 11 National Institute of Standards and Technology, Part 290.

- 6. Are there federal matching requirements? If yes, please explain.**

Yes, the MEP program requires a federal match, which is provided by the U.S. Department of Commerce. The program is designed to form a federal/state/private partnership that results in leveraging public funding sources on a two to one basis.

- 7. Is this a federally mandated program? If yes, please explain.**

No.

PROGRAM DESCRIPTION

Department: Economic Development Program Name: MTC SSBCI American Rescue Plan Act Program is found in the following core budget(s): Business Community Solutions		AB Section(s):	7.050							
1a. What strategic priority does this program address? Innovation and Entrepreneurship										
1b. What does this program do? State Small Business Credit Initiative (SSBCI) funds will be administered through Missouri Technology Corporation's (MTC) IDEA Fund Co-Investment program, a state-sponsored venture capital program that makes equity-based investments that are matched by other private capital investments. The program is designed to accelerate private investment in Missouri-based early-stage companies, increase the overall investment impact of third-party investments, and promote the formation and growth of businesses that engage in the transfer of science and technology into job creation. The purpose of the federally funded SSBCI program is to expand access to capital for small businesses, build ecosystems of opportunity and entrepreneurship, and create high-quality jobs.										
2a. Provide an activity measure(s) for the program.

Note 1: MTC did not receive the federal SSBCI funding until January of FY2023; therefore, no program data is available for FY2022.										
Note 2: MTC's Board of Directors approves IDEA Fund co-investment allocations (awarded) within a fiscal however, the investment may occur in a future fiscal year depending on when the company can close the required matching funds.										
Note 3: The federally funded SSBCI IDEA Fund Co-Investments represent a subset of MTC's activities and, subsequently, are included in MTC's Program Description budget form as well.										
2b. Provide a measure(s) of the program's quality.		FY2022		FY2023		FY2024		FY2025	FY2026	FY2027

Note: The Net Promoter Score ranges from -100 to 100 and measures how likely customers are to recommend a company's products or services. It reflects customer satisfaction and loyalty, with scores above 0 being good, above 20 being favorable, above 50 being excellent, and above 80 being world-class. MTC started using NPS to measure customer satisfaction in FY2023, subsequently, NPS scores are not available for FY2022.

PROGRAM DESCRIPTION

Department: Economic Development

AB Sections: 7.055

Program Name: Community Development Block Grant Program - Annual Allocation

Program is found in the following core budget(s): CDBG Program

1a. What strategic priority does this program address?

Community Development

1b. What does this program do?

The Community Development Block Grant (CDBG) program provides funding and expertise to develop viable communities and build economic development capacity by leveraging resources and connecting stakeholders toward a common goal while meeting one or more of the following criteria:

(1) Benefit at least 51% low and moderate income (LMI) persons; (2) eliminate slum and blight; or (3) meet urgent threats to health and safety.

CDBG is a federally-funded program that provides grants to "non-entitlement" communities, or municipalities with populations under 50,000 and counties with populations under 200,000 for addressing long term development needs.

The State administers multiple CDBG grants, many of which are reserved for specific purposes identified by federal register. The grant related to this program description includes:

Regular Annual CDBG Allocation - ~\$23,000,000 each year - project categories include (A) Infrastructure (e.g. Community Facilities, Water/wastewater projects, demolition, and downtown revitalization); (B) Economic Development (e.g. industrial infrastructure for job-creating projects); (C) Workforce Training; and (D) Emergency projects (e.g. generators needed after a severe ice storm).

2a. Provide an activity measure(s) for the program.

	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected

Note 1: The CDBG program can only directly control the obligation of funds by awarding projects. Subrecipients are responsible for carrying out program activities and expending funds related to their project.

Note 2: Funds Expended figures are based on funds drawn in the fiscal year on projects across multiple fiscal years. The average period of performance for a CDBG project is 3 years; therefore, the annual expenditure and actual amount take into account each project spending a percentage of total allocation across multiple fiscal years.

Note 3: 2023 and 2024 allotments will be awarded at the same time so there will be double the usual Annual projects granted in FY2025.

2c. Provide a measure(s) of the program's impact. (continued)

Note 1: Beneficiaries Served are reported based on projects that are completed and closed within a fiscal year. FY2022 saw a significant increase in beneficiaries served as the program worked to close out several historic grants.

Note 2: Beneficiaries Served is limited by the population characteristics of the applicant, including %LMI and HUD-identified disaster impact level. As such, stretch goal is inherently limited per population. To reflect this limitation, stretch targets are stated as 10% above base.

Note 3: The FY2022 Actual includes CDBG-Federal Stimulus projects, as they were not separated into a separate budget unit until FY2024.

Note 1: CDBG does not require matching from subrecipients, as it acts as a gap financing tool. Leveraged funds vary by project based on the financial resources available to the subrecipient at the time of application, which is highly variable.

Note 2: Leveraged investment are non-CDBG funds (local, state, or federal) that are committed in conjunction with CDBG funds to aid in financing a particular project.

Note 3: Leveraged investment calculation based on amounts included in subrecipients' project applications from all CDBG projects, except economic development which have high variations by project and year.

Note 4: Future projected Base is calculated using the average of previous years while the Stretch calculation utilizes this number and increases projection by 10%.

Note 2: Data is accurate as of June 30, 2024.

Note 3: The ranking at the top right of chart measures the unexpended funds from open grants. HUD divides unexpended funds by the most recent grant amount provided and gives each state its ranking; As of June 30, 2024, Missouri ranked 4 out of 50 states in timely expenditures of funds. This ranking is based on all CDBG funds including Annual, DR, MIT and CV. The actual unexpended for 2024 is \$77.3 million. The target unexpended for PY 2025 is \$53.2 million and would rank Missouri at 3 out of 50 states.

- 6. Are there federal matching requirements? If yes, please explain.**

Yes, a \$1 for \$1 match required for the State's administrative funds, after the first \$100,000. The applicable administrative funds equal 4% of the total appropriation. Soft costs included in the Department's Cost Allocation Plan are used to satisfy the State's match requirements.

- 7. Is this a federally mandated program? If yes, please explain.**

The program is a formula block grant provided to the State of Missouri; 70% of which is provided to the entitlement cities, 30% of which is provided to the non-entitlement balance of the state. That 30% portion is administered by DED.

1a. What strategic priority does this program address?

Community Development

1b. What does this program do?

The Community Development Block Grant - Disaster Recovery (CDBG-DR) program provides funding and expertise to develop viable communities and build economic development capacity by leveraging resources and connecting stakeholders toward a common goal while meeting one or more of the following criteria:

(1) Benefit at least 51% low and moderate income (LMI) persons; (2) eliminate slum and blight; or (3) meet urgent threats to health and safety. CDBG is a federally-funded program that typically provides grants to "non-entitlement" communities, or municipalities with populations under 50,000 and counties with populations under 200,000 for addressing long term development needs, but Federal Registers governing the use of CDBG-DR and CDBG-Mitigation (CDBG-MIT) allow a portion of funding to provide grants to entitlement communities.

The State administers multiple CDBG grants, many of which are reserved for specific purposes identified by federal register. These grants include:

- (1) CDBG-DR 4317 - \$58,535,000 - primarily to address unmet housing needs resulting from 2017 flooding events in five zip codes (Neosho, Branson, West Plains, Van Buren, and Doniphan areas) identified by the U.S. Department of Housing and Urban Development (HUD);
- (2) CDBG-DR 4317 Infrastructure - \$9,847,018 - additional funding allocated in December 2019 to further address seriously damaged infrastructure from the 2017 flooding events;
- (3) CDBG-DR 4451 - \$30,776,000 - primarily to address unmet housing needs resulting from 2019 disaster events in three counties (Cole, St. Charles, and Holt counties) identified by HUD; and
- (4) CDBG-MIT - \$41,592,000 - funding to mitigate disaster risks and reduce future losses, with primary focus on five zip codes identified by HUD.

Note 1: Projects Awarded and Funds Obligated show the cumulative amounts for that project type; Funds Expended are specific to each fiscal year.

Note 2: The CDBG program can only directly control the obligation of funds by awarding projects. Subrecipients are responsible for carrying out program activities and expending funds related to their project which typically occurs over a 3-year period.

Note 3: Numbers are based on funds drawn on projects per fiscal year. Average period of performance for a CDBG-DR and CDBG-Mitigation project is 3 years; therefore, the annual expenditure and actual amount take into account each project spending a percentage of total allocation.

Note 4: The CDBG-DR and CDBG-Mitigation Programs have since opened and completed application cycles for these programs, and some projects are coming to a close. A new cycle has been opened to obligate and expend remaining funds, though expenditures are typically slow during the first year of a project and are expected to increase during FY2025.

Note 3: Beneficiaries Served is limited by the population characteristics of the applicant, including % of residents qualifying as Low- to Moderate-Income and HUD-identified disaster impact level.

Note 4: Beneficiaries Served (CDBG Disaster Recovery) has multiple variables since funds may be used for: (1) both entitlement (more densely populated) and non-entitlement (less densely populated) communities; (2) infrastructure projects which indirectly affects a bigger population; and (3) housing projects which directly affect a smaller population.

1b. What does this program do?

The Community Development Block Grant- COVID (CDBG-CV) program provides funding and expertise to develop viable communities and build economic development capacity by leveraging resources and connecting stakeholders toward a common goal while meeting one or more of the following criteria:

(1) Benefit at least 51% low and moderate income (LMI) persons; (2) eliminate slum and blight; or (3) meet urgent threats to health and safety. CDBG is a federally-funded program that provides grants to "non-entitlement" communities, or municipalities with populations under 50,000 and counties with populations under 200,000 for preventing, preparing for, or recovering from COVID-19 impacts, but Federal Registers governing the use of CDBG special allocations allow a portion of funding to provide grants to entitlement communities.

The State administers multiple CDBG grants, many of which are reserved for specific purposes identified by federal register. This CDI is exclusively for the 2020 CDBG-COVID (CDBG-CV) - \$43,033,423 - to help communities prevent, prepare for, and respond to COVID-19 in a variety of ways.

2a. Provide an activity measure(s) for the program.

Projects Closed	N/A	11	44	44	44	36	42	41

Note 1: Numbers are based on funds drawn on projects per Fiscal Year. Average period of performance for a CDBG project is 3 years; therefore, the annual expenditure and actual amount take into account each project spending a percentage of total allocation. A majority of project expenditures are anticipated to occur in FY2024.

Note 2: CARES Act CDBG-CV Funds are projected to expend from FY2022 to FY2027.

Note 3: DED did not receive an executed grant agreement from HUD until June 2021 and delays were experienced in obligating funds. DED has since obligated nearly all non-administrative funds to local projects and anticipates no issue in meeting obligation or expenditures timeliness requirements from HUD.

Note 4: CDBG-CV is a one-time allocation. This number is not expected to change, so Projects Closed will demonstrate activity under the program over time.

2c. Provide a measure(s) of the program's impact.

Note 1: Calculated by dividing dollar amount of approved projects in a Fiscal Year that will benefit low and moderate income (LMI) persons by the total dollar amount of the grant.

Note 2: HUD requires that a minimum of 70% of the state's annual allocation be awarded for projects benefitting LMI persons; however, it is Missouri's goal that at least 85% of the projects will benefit LMI persons.

Note 3: Stretch target is set at 95% due to the fact that demolition (slum and blight national objective) and emergency (urgent threat national objective) projects might also need to be funded, and those national objectives do not require a 51% LMI benefit; therefore, Stretch includes a "cushion" for those emergency projects.

Note 1: Beneficiaries Served are individuals directly or indirectly served by the project being performed. Current and past Beneficiaries Served are reported based on projects that are completed and closed within a fiscal year. Projected Beneficiaries Served are based on estimates included in proposals and applications.

Note 2: Beneficiaries Served is limited by the population characteristics of the applicant, including %LMI and HUD-identified disaster impact level. As such, stretch goal is inherently limited per population. To reflect this limitation, stretch targets are stated as 10% above base.

Note 3: Beneficiaries Served (CDBG-CV) has multiple variables since funds may be used for: (1) both entitlement (more densely populated) and non-entitlement (less densely populated) communities; and (2) infrastructure projects which indirectly affects a bigger population.

1b. What does this program do?								
<ul style="list-style-type: none"> The purpose of the Missouri Community Service Commission (MCSC) is to strengthen Missouri communities through volunteerism and service by connecting Missourians of all ages and backgrounds in an effort to improve unmet community needs through direct and tangible services. MCSC received grant funds from the American Rescue Plan Act (ARPA) in 2021. ARPA provides funding for the Commission Support Grant, Commission Investment Fund, a new Volunteer Generation Fund, and dollars to support AmeriCorps sub-grantees. This program provides opportunities for individuals to serve their communities as AmeriCorps members on a full- or part-time basis. The MCSC and AmeriCorps are part of a national service network supported by the Corporation for National and Community Service. MCSC administers AmeriCorps State funding by awarding monetary grants and providing technical assistance and support to program partners throughout Missouri. Individuals serve through alignment with community-based nonprofit organizations, educational institutions and faith-based organizations with 501(c)(3) status. Core priorities are education, public safety, healthy futures for youth, economic opportunity, disaster relief, and veterans and their families.

Program Name: Strategy and Performance

Program is found in the following core budget(s): Strategy and Performance

1a. What strategic priority does this program address?

Operational Support

1b. What does this program do?

The Strategy and Performance Division provides forward-looking insights to inform DED's strategic planning, program development and performance management. It also houses the Department's legislative, communications, and marketing services, and provides subject matter expertise in specialized areas. More specifically, the Strategy and Performance Division:

- Conducts economic research and analysis to provide framework of global, Midwest, and state economic trends as well as economic impact analysis for economic development projects;
- Leads strategic planning at department, division, and team level;
- Guides DED's accountability and improvement activities that include setting measures and targets, evaluating programs, analyzing performance and communicating results; and
- Communicates DED strategies and policy insights as well as information specific to economic development programs and projects to legislative, internal and external stakeholders.

The Strategy and Performance Division is also home to a variety of niche programs offering subject matter expertise valuable to economic development in Missouri. These programs include the Office of the Missouri Military Advocate and the Missouri Women's Council.

2a. Provide an activity measure(s) for the program.

	FY2022		FY2023		FY2024		FY2025	FY2026	FY2027
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Economic impact analyses	150	188	190	186	190	132	190	190	190
Completed improvement projects and initiatives	20	8	8	13	10	8	10	10	10
Email bulletins, press releases, and social media posts	1,000	863	1,000	1,758	1,000	1,733	1,000	1,000	1,400

Note 1: Economic impact analyses help DED determine an economic development project's potential value. Measure includes revisions of analyses. Assume FY2025-FY2027 will roughly match average of prior three fiscal years.

Note 2: FY2022 communications were lower than expected since the Communications Director role was vacant from August 2021 to January 2022. Significant increase for FY2023 is reflective of ARPA communications for nine new Federal Initiative Programs.

Note 1: Percentage of respondents who rated their experience as "very" or "somewhat" positive.

Note 2: FY2024 survey sent out in May 2024. Results based on 132 survey respondents.

2c. Provide a measure(s) of the program's impact.

Note: Data compiled from Missouri Quarterly Pulse Survey (QPS); represents team members who indicated that DED's vision is clearly communicated throughout the organization. For comparison, 60% of Missouri employees statewide in FY2024 indicated that their department's vision is clearly communicated throughout the organization.

Note: Calculated by adding unique email opens, Facebook reach (people that potentially saw posts), and X (formerly known as Twitter) impressions. LinkedIn Data was added for FY2023. Calculation is changed from prior years. Targets established by considering the prior year actuals. Significant increase for FY2023 is reflective of ARPA communications for nine new Federal Initiative Programs.

1b. What does this program do?

This program supports planning that ensures communities can access certain federal programs. The Department of Economic Development (DED) is centering the planning effort around local economic development priorities and helping community leaders identify and gain access to resources that support job growth and investment.

The Statewide Planning, Research, and Networks program utilizes American Rescue Plan Act (ARPA) funding and is granted to Missouri through the Economic Development Administration (EDA). DED is leveraging this grant to update Missouri's statewide Comprehensive Economic Development Strategy (CEDS), which has not been reassessed since 2011. Uses of the grant include reviewing and integrating regional economic development plans, conducting industry cluster research, assessing workforce skills in key industries, engaging stakeholders, and building an updated CEDS that is driven by local economic development priorities.

2a. Provide an activity measure(s) for the program.

Program activities have included the following in FY2024 and FY2025: reviewing and integrating all of Missouri's regional economic development strategies; conducting an industry cluster study, conducting a statewide skills assessment; and pulling together a statewide CEDS that is created with high quality stakeholder engagement and is submitted to the EDA in 2025.

2b. Provide a measure(s) of the program's quality.

DED will survey stakeholders and measure the perceived quality of Missouri's CEDS planning processes, especially relating to the process being driven by local economic development priorities.

2c. Provide a measure(s) of the program's impact.

The intended impact of creating a CEDS will be having a locally-driven plan that has extensive stakeholder buy-in, benefits communities all across Missouri, and informs Missouri's economic policy and programmatic discussions for three to five years.

2d. Provide a measure(s) of the program's efficiency.

Efficiency measures are under development.

Program Name: Broadband Grants								
Program is found in the following core budget(s): Broadband Grants								
1a. What strategic priority does this program address?								
Community Development								
1b. What does this program do?								
The Office of Broadband Development (OBD) facilitates multiple broadband infrastructure programs by making awards, supporting recipients, ensuring compliance, validating the technology is deployed, and celebrating successful completion of the projects.								
In addition to closing out projects from Missouri's 2022 Broadband Infrastructure Program (BIP), OBD will take part in two of the four Infrastructure Investment and Jobs Act (IIJA) broadband programs; the Broadband Equity, Access, and Deployment (BEAD) program and the Digital Equity Act (DEA). The BEAD program includes approximately \$1.7 billion total to the state of Missouri, which provides funding for grants for broadband infrastructure deployment, adoption, mapping, and planning activities. The DEA program provides approximately \$24 million total to the state of Missouri to further advance the adoption of broadband by supporting services relating to digital equity and digital inclusion.								
2a. Provide an activity measure(s) for the program.								
	FY2022 Actual	FY2023 Projected		FY2024 Projected		FY2025 Projected	FY2026 Projected	FY2027 Projected
Review and evaluate grant applications	41	N/A	N/A	0	0	6,000	75	0

Manage, announce, and close-out projects	0	19	0	13	1	10	50	1,000

*Note 1: FY2023 broadband grant program activity shifted to ARPA programs in House Bill 20.

Note 2: IIJA funded broadband applications will begin in FY2025 with the initial funding for the BEAD program. BEAD will continue to fund broadband projects until calendar year 2027 (FY2028).

Note 3: The final activity measure encompasses overseeing project milestones, ensuring quality, and validating installation of proposed technology.

Note 4: In FY2024, an NTIA BIP Awardee returned their award resulting in 3 projects being descoped from the award.

Note 5: In FY2025, the NTIA BIP program was approved for an extension of its period of performance by one year extending it into early FY2026.

2b. Provide a measure(s) of the program's quality.

	FY2022 Actual	FY2023		FY2024		FY2025 Projected	FY2026 Projected	FY2027 Projected
		Projected	Actual*	Projected	Actual			
Percent of grant connections exceeding 100/20 Mbps	100%	N/A	N/A	N/A	N/A	100%	N/A	N/A
Days from grant submittal to awards (broadband infrastructure)	193	N/A	N/A	N/A	N/A	90	N/A	N/A
Days from grant submittal to awards (digital equity)	N/A	0	31	N/A	N/A	30	N/A	N/A

Note 1: NTIA Broadband Infrastructure Program required minimum thresholds for project funding of 100 Megabits per second (Mbps) download, 20 Mbps upload. IIJA funded broadband project will require 100/100 Mbps in order to receive funding.

Note 2: The program's quality will be also be measured in its ability to evaluate, rank, complete the challenge process, and announce grant awards.

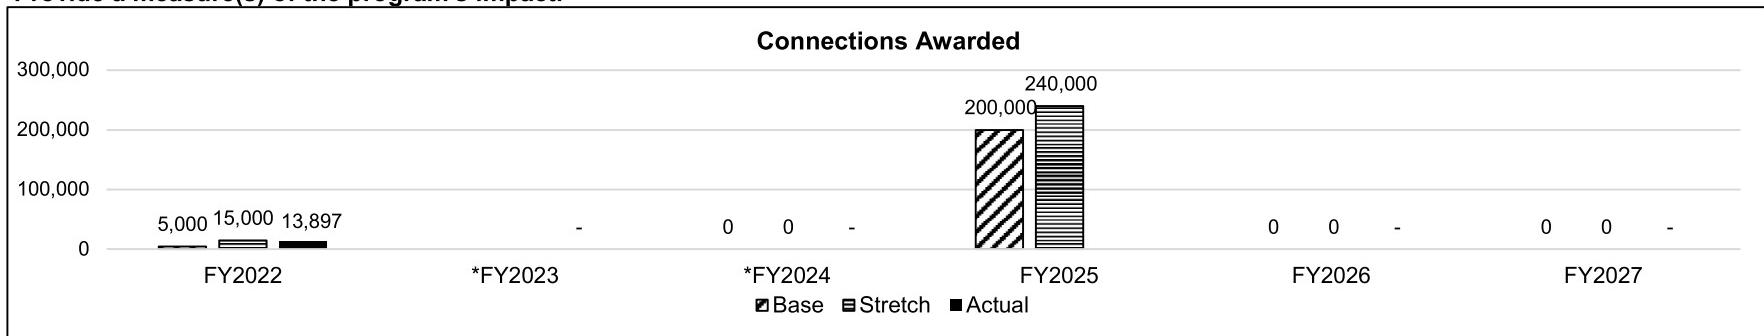

*Note 3: FY2023 broadband grant program activity shifted to ARPA-related programs in House Bill 20.

Note 4: In FY2025, OBD will begin facilitating broadband projects using IIJA BEAD and DEA Funding.

Note 5: Projected days from grant submittal to awards in FY2022 were higher than originally anticipated due to intense demand for NTIA funds across nation.

Note 6: OBD awarded \$250,000 in Digital Demonstration Grant in FY2023. These projects helped address adoptions concerns and plan for DEA.

2c. Provide a measure(s) of the program's impact.

Note 1: Total number of connections refer to those who will have the opportunity to access the new broadband infrastructure (counted at time of project award). Connections include businesses, farms, important community institutions, and households.

Note 2: FY2022 connections reflect the State's NTIA BIP award of \$42,241,427, funding 13 Missouri projects.

*Note 3: No connections were established in FY2023 and FY2024 as broadband grant program activity shifted to ARPA-related programs.

Note 4: NTIA BEAD funding will not be available to awarded provider until FY2026. OBD has begun the grant process. There will be multiple round of grants awarded in FY2025 with all eligible locations being awarded prior to 7-26-2025.

PROGRAM DESCRIPTION

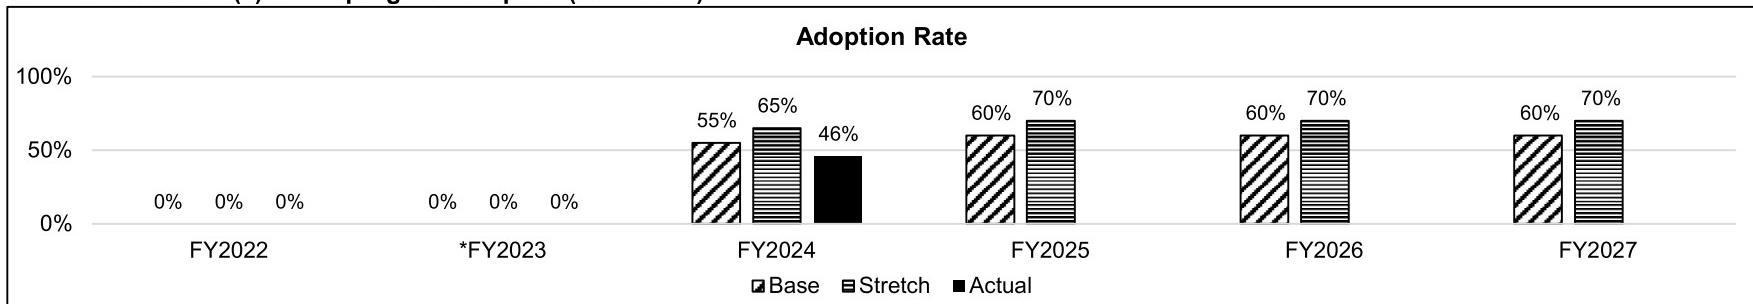

Department: Economic Development

AB Section(s): 7.135

Program is found in the following core budget(s): Broadband Grants

2c. Provide a measure(s) of the program's impact. (continued)

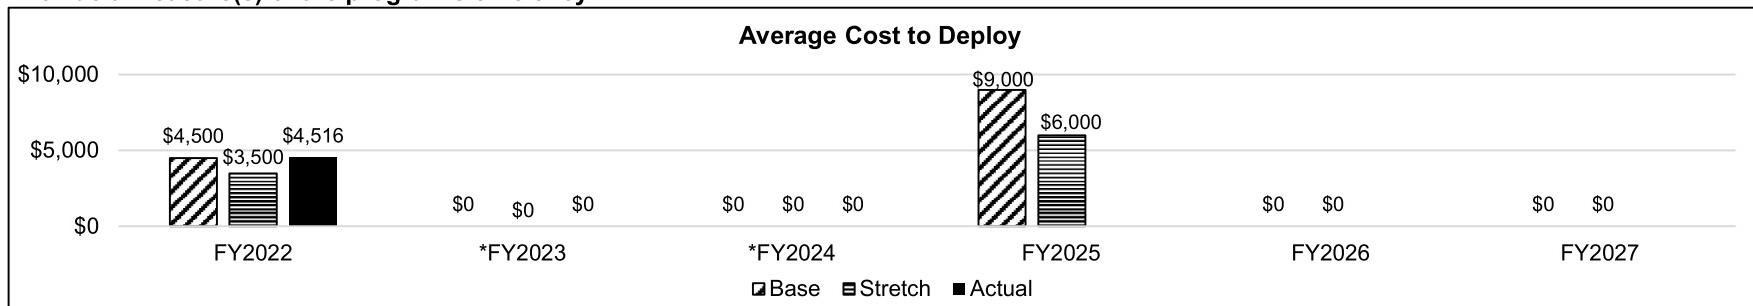

Note 1: Adoption rate is expressed as a percentage on total number of actual subscribers to the newly built and/or expanded broadband service divided by the number of proposed connections. Deploying new broadband infrastructure increases access, but the real impact for economic opportunity exists when the adoption rate is high. Exceeding these benchmarks will assist broadband providers in projecting future rehabilitation and expansion projects.

Note 2: Adoption rate relating to the NTIA BIP award will not be known until after the projects are completed (projected in mid calendar year 2025).

*Note 3: No connections listed in FY2023. Broadband grant program activity shifted to ARPA programs in House Bill 20.

2d. Provide a measure(s) of the program's efficiency.

Note 1: The average cost per passing of \$5,000 was utilized from anecdotal research of benchmark states. The inaugural round of the broadband grant program, awarded to sixteen projects in April 2020 yielded an average cost per passing of \$4,501. The cost to deploy will be catalogued during each grant review cycle and will be benchmarked over time.

Note 2: FY2022 based on the NTIA BIP Award. Projects awarded in March of 2022 and will be completed by August 2025.

*Note 3: No connections listed in FY2023 and FY2024. Broadband grant program activity shifted to ARPA programs in House Bill 20.

PROGRAM DESCRIPTION

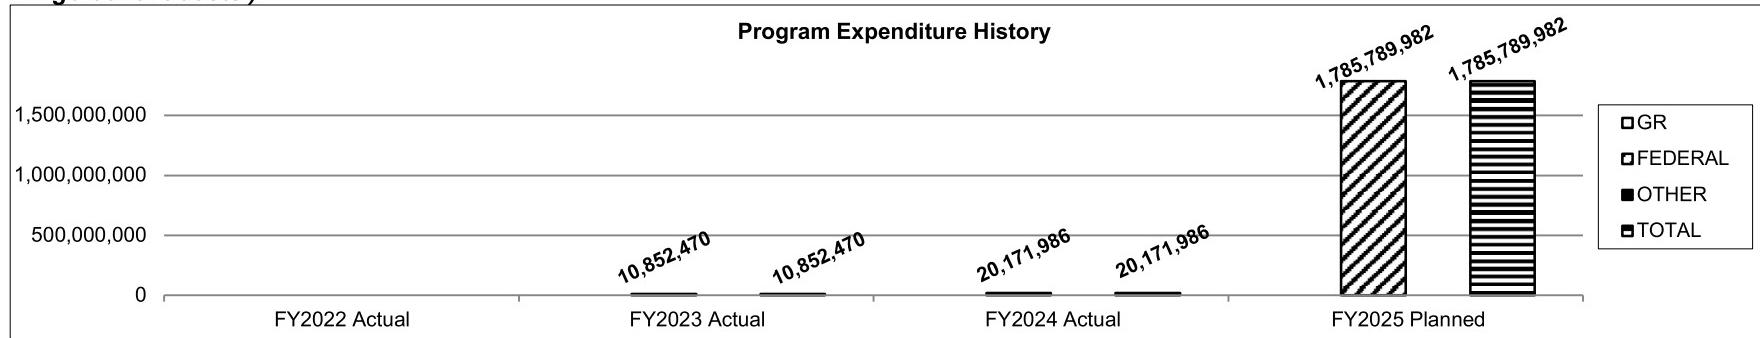

Department: Economic Development

AB Section(s): 7.140

Program Name: Office of the Military Advocate

Program is found in the following core budget(s): Office of the Military Advocate

1a. What strategic priority does this program address?

Business, Community, and Workforce Development

1b. What does this program do?

Leads state economic development efforts to:

- assist communities in preserving and enhancing military installations, missions and agencies;
- increase the number of transitioning military service members and families who stay in Missouri after separation;
- support the retention and growth of Missouri defense and national security businesses; and
- prepare for a Base Realignment and Closure (BRAC) process or a similar basing action that negatively impacts Missouri.

2a. Provide an activity measure(s) for the program.

	FY2022		FY2023		FY2024		FY2025	FY2026	FY2027
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Interactions with key military installation and agency influencers	120	95	100	147	130	133	135	145	150
Interactions with key Missouri defense businesses	36	16	25	38	30	36	35	40	45

Note 1: Measure 1 is calculated based on the number of in-person or telephone interactions with military and federal agency leaders, community support organizations, members of Congress, Congressional Committee staff, and leaders of advocacy and education organizations who are key to influencing whether military installations, agencies and missions are retained or grow in Missouri.

Note 2: Measure 2 was calculated based on the number of in-person, virtual and telephone interactions with Missouri defense businesses.

2b. Provide a measure(s) of the program's quality.

The Missouri Military Preparedness and Enhancement Commission (MMPEC) approves and adopts the two-year strategic plan produced in partnership with the Missouri Military Advocate (MMA). MMPEC adopted the 2022-2024 strategic plan December 2022 with the 2025-2026 plan adoption expected at the MMPEC quarterly meeting March 2025. Updated plans and activities by the MMA are reviewed by MMPEC during quarterly MMPEC meetings. MMPEC completed the MMA performance evaluation in March 2024 and approved the MMA unanimously as successful across all criteria.

2c. Provide a measure(s) of the program's impact.

Note 1: Reflects the percentage of the identified key influencers with whom the Missouri Military Advocate (MMA) and its consultants have in-person and telephone interactions regarding opportunities and threats related to Missouri military installations, agencies and missions. The contacts occur both inside and outside of Missouri and are aimed at building recognition of the military's importance in Missouri and to achieve specific outcomes as specified in the Military and Defense Strategic Plan.

Note 2: The MMA has been identifying military and federal agency leaders, community/installation support organizations, members of Congress, professional staff of Congressional committees, and leaders of advocacy and education organizations who are key to influencing whether military installations, agencies and missions are retained or grow in Missouri. Most military services leadership positions have a regular cycle of turn-over. This cycle ensures stability in military leadership, but it requires diligence to continually build and re-build relationships with military decision makers. The expectation is that 95% of influencers will be contacted annually.

2c. Provide a measure(s) of the program's impact. (continued)

Note: Reflects the percentage of 40 Missouri defense companies where the Missouri Military Advocate (MMA) and its consultants have had at least one quality interaction with key influencers. Key influencers are those company leaders who can influence decisions regarding growth and expansion of defense business investments and/or jobs in Missouri.

2d. Provide a measure(s) of the program's efficiency.

Note: This was a new measure for FY2023 comparing Missouri's Military Advocate spending in relationship to federal defense spending in Missouri. According to Office of Local Defense Community Cooperation (OLDCC) annual reports, the Federal Defense spending in Missouri was \$15 billion in FY2020. The actual spending in FY2021 was \$12.2 billion. Defense spending decreased again in FY2022 to \$8.9 billion mainly in defense manufacturing. There is reason to believe this will turn upward again in the near future as the Department of Defense recapitalizes equipment.

*OLDCC report has two year delay for reporting spending. The federal spending target for FY2025 and beyond has been estimated at \$9 billion.

Program Name: National Security Crossroads	
Program is found in the following core budget(s): National Security Crossroads	
1a. What strategic priority does this program address?	
Business, Community, and Workforce Development	
1b. What does this program do?	
The National Security Crossroads is a regional branding effort across Missouri and Kansas that seeks to brand the two-state region as a national security strength and home for new national security missions, educate federal legislators on the value of the Crossroads, and share best practices to enable members of the Crossroads to be agile and resilient. The grant will be used to achieve the following objectives: (1) retain and expand existing federal national security missions, (2) improve workforce attraction/retention and drive economic growth, (3) increase regional federal agency interaction to speed problem solving and save federal budget dollars, (4) improve veteran hiring by 1%, and (5) attract a new federal mission. Grant activities will include recruiting and engaging dedicated project staff; outreach, research, analysis, and planning; and community engagement.	
2a. Provide an activity measure(s) for the program.	
The Office of Local Defense Community Cooperation approved the National Security Crossroads grant July 2023. OA completed the procurement process and vendor was selected March 2024. Project completion is expected in FY2025.	
2b. Provide a measure(s) of the program's quality.	
See Office of the Military Advocate Core for quality measures.	
2c. Provide a measure(s) of the program's impact.

1b. What does this program do?

The purpose of the program is to make matching grants that enable qualifying non-profit organizations and local governments to implement economic development strategies designed to retain and grow investments and jobs at military installations and defense agencies. These strategies are to be implemented in cooperation with the Military Advocate and the Missouri Military Preparedness and Enhancement Commission (MMPEC).

2a. Provide an activity measure(s) for the program.

2b. Provide a measure(s) of the program's quality.

See Office of the Military Advocate Program Description for quality measures.

2c. Provide a measure(s) of the program's impact.

The Military Community Reinvestment Grant (MCRG) enhances military communities' efforts to improve competitive positioning in retaining and attracting installation missions through research and strategic planning. This includes identifying and understanding key issues that include, but are not limited to, housing, education, and child care. One example is Congress and the US Army recently dedicated approximately \$100 million for the construction of new housing at Ft. Leonard Wood. The work funded by the grant to Leonard Wood Institute during recent years contributed to this successful action.

2d. Provide a measure(s) of the program's efficiency.

The Military Community Reinvestment Grant (MCRG) requires a 50% match by applicant. This cost sharing requirement encourages commitment by the applicant to ensure efficient use of funds.

Sources: Marketing Effectiveness Study, Strategic Marketing and Research Insights (SMARI) and Tourism Economics, an Oxford Company

Note: This measure compares the average amount spent per trip per party, by visitors attributable to MDT's marketing, to the average amount spent per trip per party for all Missouri visitors.

Source: *Marketing Effectiveness Study, Strategic Marketing and Research Insights (SMARI)*.

Note 1: SMARI calculates visitors vacationing in Missouri as a result of MDT's marketing by conducting surveys of potential adult travelers in target markets within a 500 mile radius in the surrounding states and Missouri (accuracy level +/-1.3%) to determine the number of tourists attributable to MDT advertising (4.1M). (CY2024 numbers).

Note 2: During 2022 and 2023, there was considerable pent-up demand for travel in the post-pandemic years that helped drive visitation and visitor spending to new heights. In 2024, there was a small dip in the number of MDT-influenced visitors and spending, after the loss of the EDA grants in 2023 and continued intense competition for travelers from both domestic and international competitors. The number of MDT-influenced trips and per trip spending still exceed the levels we saw in 2019, even after adjusting for inflation.

Note 1: This measure is calculated by dividing MDT's marketing budget by the number of MDT-influenced visitors.

Note 2: In CY2022, cost to generate an influenced visitor was higher than pre-pandemic levels due to traveler sentiment related to inflationary pressures and lingering impacts of COVID-19. In that environment, it took more spending to attract and influence a traveler, and this trend continued into 2023. Additionally, MDT expanded marketing efforts to several new markets this year, and influencing those travelers who are not as familiar with what Missouri offers takes time. This investment should pay off in increased visitation over the next several years, as these new markets become more familiar with Missouri and start planning more trips here.

Tourism

1b. What does this program do?

Through the Travel, Tourism and Outdoor Recreation program, Economic Development Administration (EDA) is focused on accelerating the recovery of communities that rely on the travel, tourism and outdoor recreation sectors. The EDA allocated \$510 million to states (\$5.7 million to Missouri) and noted the following appropriate uses of funds: marketing, infrastructure, workforce and other projects to rejuvenate safe leisure, business and international travel. The Division of Tourism used the available funds to strengthen Missouri's position as a leisure travel destination by expanding its messaging into a new market, Denver, Colorado, which research has shown to be an opportunity market for Missouri.

2a. Provide an activity measure(s) for the program.

These dollars were exclusively used to introduce Missouri's "That's My MO" Campaign to Denver, a new market. Total impressions for March through June were more than 207.7 million with a reach of 84% and frequency of 70x. In Denver, 876,502 households (63% of all Denver households) were aware of some aspect of the campaign, based on research from SMARI. The MDT campaign influenced 32,970 trips from the Denver market. That translates to approximately 115,000 travelers from Denver who spent a projected total of \$42 million.

2b. Provide a measure(s) of the program's quality.

Tactics used across EDA were similar to tactics used in other, more established markets. EDA dollars were focused on an expansion into the Denver market, where there had been no paid media presence. When compared to the established markets, EDA dollars were able to drive much greater reach, frequency and efficiency at scale within this new market in order to introduce Missouri to the market in a big way.

2c. Provide a measure(s) of the program's impact.

The program had total EDA impression for March through June of 207,783,850+. This is the number of times MDT's messaging was served to consumers, or consumers saw MDT messaging, in the Denver market.

2d. Provide a measure(s) of the program's efficiency.

The Division of Tourism determined it costs \$.77 to reach an individual consumer based on the reach and frequency that occurred. While not as efficient on a 1:1 unique user spend as established campaigns, this is to be expected as the EDA dollars were used to introduce the campaign and create awareness for a previously "unaware" market.

1b. What does this program do?

- The Missouri Film Office works to bring film, television, commercial and web production to Missouri and to promote the growth of the film and video production industry in Missouri. It works toward this goal by marketing Missouri to filmmakers through in-person meetings, distributing marketing materials; utilizing social media; responding to inquiries about possible Missouri projects; providing filmmakers information about available city and state resources; setting up location scouting trips; and providing logistical support during filming. Since 2014, the Film Office has coordinated the Missouri Stories Scriptwriting Fellowship Program, an initiative to increase the number of film and TV scripts set in Missouri. In 2021, the Missouri Stories Production Lab was launched to further increase production in-state.
- The office partners with the Kansas City Film Office and the St. Louis Film Office as well as film liaisons in convention and visitors bureaus across the state to leverage available resources.
- As of October 16, 2023, the legislature passed a \$16 million motion media tax credit. The Missouri Film Office administers the program in coordination with the DED Business Opportunity team.

Note: Measure calculated by dividing the number of projects filming in Missouri by the total number assisted by the Film Office. Base/Stretch goals indicate continued strength in conversions.

Share of Film Projects that Filmed in Missouri as a Direct Result of a Missouri Film Office Effort

	FY2022		FY2023		FY2024		FY2025	FY2026	FY2027
	Projected	Actual	Projected	Actual	Projected	Actual	Projected	Projected	Projected
Absolutely or Very Much Influenced	35%	48%	49%	44%	45%	41%	42%	43%	45%
Moderately or Slightly Influenced	30%	15%	21%	31%	30%	15%	18%	19%	20%
Not at all Influenced	35%	37%	30%	25%	25%	44%	40%	38%	35%

Note: The Missouri Film Office developed an annual survey to determine what share of film and television productions it assisted chose to film in Missouri as a direct result of that assistance. The performance measure compares the percentage of productions indicating that Missouri Film Office assistance was very influential in their decision to locate in Missouri to all productions assisted.

PROGRAM DESCRIPTION	
Department: Economic Development	AB Section(s): 7.160
Program Name: Route 66 Commission	
Program is found in the following core budget(s): Route 66 Commission	
1a. What strategic priority does this program address?	
Tourism	
1b. What does this program do?	
These funds support the Route 66 Centennial Commission, whose functions include: planning and sponsoring official Route 66 centennial events, programs, and activities in the state; encouraging the development of programs designed to involve all citizens in activities that commemorate Route 66 centennial events in the state; and providing the public with information on Route 66 centennial events happening throughout the state. The Missouri Division of Tourism provides administrative support to the Route 66 Commission. In FY2025, along with the \$1 million for the Route 66 Commission, this program included \$1 million in funding for a Route 66 monument that is being constructed in Springfield. The monument funding was marked as one-time.	
2a. Provide an activity measure(s) for the program.	
A Memorandum of Understanding (MOU) between the Division of Tourism provided for the transfer of state funds to the Commission. Through that MOU, the Commission is authorized to hire a firm to provide administrative and/or creative services, design Route 66 Tour Stops, pay marketing/advertising costs, provide special event grants, and develop Route 66 signage markers. The Commission budgeted for what was expended in FY2024 and what is planned for FY2025.	
2b. Provide a measure(s) of the program's quality.	
The Route 66 Centennial Commission is working with local communities and organizations to develop programs and events related to the highway's anniversary in 2026. The Commission has also developed an application process for organizations and communities to apply for funds related to hosting events and the development of tour stops and interactive markers. Funds are designed to be disbursed on a reimbursement basis.	
2c. Provide a measure(s) of the program's impact.	
The full impact of this program will not be known until FY2026. Much of the Commission's first year has involved planning and developing programs, meeting with stakeholders along Route 66, and raising awareness about the sponsorship opportunities being offered. Additionally, the initial marketing effort for the Commission will begin in the spring of FY2025, with outcomes not known until FY2026.	
2d. Provide a measure(s) of the program's efficiency.	
The Route 66 Centennial Commission has established an account with the Community Foundation of the Ozarks to hold its funds until they are expended. The MOU between the Commission and the Division of Tourism allows for transfer of the funds into that account, so that all state funds for this effort are disbursed to the Commission in tranches.

PROGRAM DESCRIPTION																																																				
Department: Economic Development	AB Section(s): <u>7.175</u>																																																			
Program Name: Meet in Missouri																																																				
Program is found in the following core budget(s): Meet in Missouri																																																				
1a. What strategic priority does this program address?																																																				
Tourism																																																				
1b. What does this program do?																																																				
The Missouri Division of Tourism oversees the Meet in Missouri program to help Destination Marketing Organizations (DMO) by assisting in attracting large conventions that may not otherwise be held within Missouri. Large conventions issue RFPs (Request for Proposals) allowing multiple cities/DMOs to bid on the event. The city/DMO that provides the best offer for the convention will win the RFP and hold the conference, bringing in out-of-state visitors. The Meet in Missouri funds are awarded to the DMO (such as convention and visitor bureaus) to pay for operational expenses of the conference. With the additional funds, the DMO improves the chance of being awarded the RFP for the conference.																																																				
2a. Provide an activity measure(s) for the program.																																																				
The number of grant applications received by the Missouri Division of Tourism determines the level of interest in the program. In FY2022, \$482,175 in program funds were distributed in FY2023, \$666,830 in program funds were distributed, and in FY2024, \$999,208 in program funds were distributed.

Note 2: The Convention may be held up to five years after the initial application date.																																																				
2b. Provide a measure(s) of the program's quality.																																																				
The satisfaction with the Meet in Missouri program is rated by participating DMOs. After the grant process is completed, a survey is sent to new participants to rate the quality and efficiency of the Meet in Missouri program. Because only two DMOs have completed Meet in Missouri grants, only the feedback from those two has been received. Survey results show a 5 out of 5 for program quality.

1b. What does this program do?

- The Missouri Housing Trust Fund (MHTF) works in collaboration with other programs to reduce, eliminate and prevent homelessness.
- The MHTF was created to financially assist the development of housing stock and to provide housing assistance to low-income persons and families.
- As the statutorily designated administrator of the MHTF, the Missouri Housing Development Commission (MHDC) utilizes a competitive application process to grant funds to agencies, typically non-profits, that provide direct assistance to low-income persons and families; including rent and utility assistance, and home repairs/modifications.

2a. Provide an activity measure(s) for the program.

- 1b. What does this program do?**

Missouri Housing Development Commission (MHDC) assists individuals and families who are homeless or at risk of homelessness obtain and remain in permanent housing by administering the federal Emergency Solutions Grant (ESG) Program through approximately 80 sub-grants to non-profit agencies operating emergency shelter, street outreach, rapid re-housing, and homeless prevention programs.

- 2a. Provide an activity measure(s) for the program.**

Note 1: Data is reported by Program Year (PY) in all performance measures. Program Year is determined by the date of issuance of the Funding Approval Agreement establishing the 2-year spend period for the grant award.

Note 2: The above graph demonstrates the number of persons who were provided assistance through ESG for all of the ESG program.

Note 3: Total clients assisted was pulled from the Consolidated Annual Performance Evaluation Report (CAPER) reported to the U.S. Department of Housing and Urban Development (HUD) (04/01/2023-03/31/2024). Program projections are based on the average of PY2023 and PY2024 actual data with an assumption of moderate annual growth (1 percent).

- 2b. Provide a measure(s) of the program's quality.**

MHDC holds an annual Focus Group for funded ESG agencies at the end of each grant cycle. The most recent Focus Group was conducted through electronic survey in the month of June 2023 and followed by a live webinar in the same month. During this time, funded agencies were offered an opportunity to provide feedback and suggestions based on their experiences for the future grant year. The feedback has historically been very positive. In 2023 the survey resulted in approximately 84% of respondents stating that they felt neutral or satisfied with how MHDC has administered the ESG program. The next focus group and corresponding survey is scheduled to take place in November of 2024. Staff has determined that aligning the survey with the end of the program year will be the most effective way to gauge program satisfaction moving forward.
